

NOTICE

HERBICIDE APPLICATIONS FOR THE TOWNSHIP OF LOPATCONG COUNTY OF WARREN, STATE OF NEW JERSEY

In compliance with the NJAC 7:30-9, 10, notice is hereby given that the Township of Lopatcong Department of Public Works will be spraying herbicides, for the month of July 5, 2017 through August 5, 2017, for the purposes of grass and weed control.

They will be spraying for grass and weed control along the curb lines, water collection basins, and fences as well as baseball field infields as well as various locations within the municipality boundaries during normal business hours. The herbicides will be contact and pre-emergence herbicides. The trade name of the products being used are LESCO Prosecutor and Razor Burn. The chemicals used are Glyphosate, Diquat dibromide. The Material Safety Data Sheets (MSDS) are on file at the Lopatcong Public Works Garage located at North Third and Beers Street.

Any questions can be directed to Joseph DiMassi at 908-859-0013

The Herbicides will be applied by low volume truck mounted sprayers and or utility vehicle mounted. At the request, the Department of Public Works shall provide a resident with notification at least 12 hours prior to the application. Please contact the New Jersey Poison Control Information and Education System at 1-800-222-1222 for emergencies, and the National Pesticide Information Center at 1-800-858-7378 for routine health inquires, and for information about signs and symptoms of pesticide exposure. Call the New Jersey Pesticide Control Program at 609-984-6507 for pesticide regulation information, pesticide complaints and health referrals.
